The students also enjoyed a session on Dignity of Work which explains the need to respect any kind of labours that one is involved in no matter how big or small it may be. The students seem to enjoy the session and there was a lot of interaction from the part of the students during the Programme.

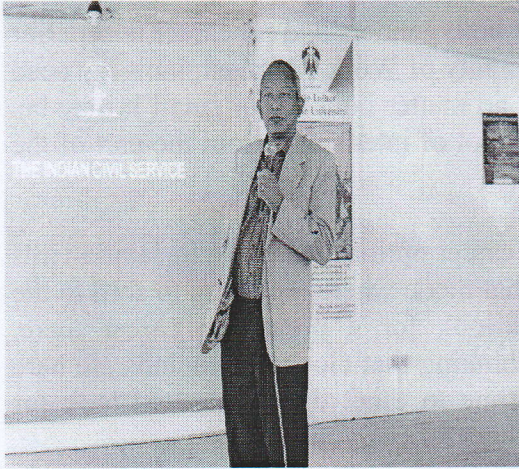

The importance in understanding the need look at the career options available in Jaintia Hills was stressed. The mindset of the students was still in that mode where they long to shift to the city and other states in the country to study and look for a promising career there. Entrepreneurship was covered as a key to shift their thinking that Government Jobs are here to stay. It is something of the past and it is about time to think differently and look for opportunities to be job providers rather than be job seekers for our young ones
