1. Message from the Chancellor's Desk

A Year of Growth Amid Immense Change

The past year has been one of vast change in the external environment and in the internal milieu of the university. The pages of this Annual Report for 2022-23 mirror some of these changes and their implications. We are all aware of the cataclysmic political, economic, social and climatic changes happening all over the planet. The higher education system is being overhauled and revitalised by the National Policy 2020 and new and enlightened concepts and guidelines from the University Grants Commission. Coping with these changes has required high motivation, heavy workloads and resilience.

One of the hallmarks of our success is the unwavering commitment to academic excellence. Our faculty members continue to inspire with their research, creative endeavour, and commitment to the delivery of an outstanding educational experience.

As we navigate the ever-evolving landscape of higher education, we have prioritized several initiatives aimed at fostering inclusivity and diversity. The growing scholarship program and our support to community initiatives are examples of this.

Looking ahead, we must remain agile and forward-thinking. The challenges of today are also opportunities, and by staying true to our core values and fostering a collaborative spirit, we will grasp these opportunities. Together with all our stakeholders, we will shape the future of our institution and leave a lasting legacy for generations to come.

I extend my deepest gratitude to each member of the university for their hard work, dedication, and contributions. The accomplishments highlighted in this report are a testament to the collective efforts of our outstanding and friendly community.

*Glenn C Kharkongor
Chancellor*

2. Message from the Vice Chancellor's Desk

Another year has passed and the Martin Luther Christian University has carved a niche in the society, the state and the country as a whole, not only through its committed faculty but also its alumni, who are well placed in different capacities and in different sectors everywhere

The University continues to uphold the ideals of universality and equality through its approach of inclusivity. Its motto, which is the Light of Truth carries with it a deep significance and is reflected through its many outreach programmes which are both community oriented and person- centric.

It is a matter of pride that the University has ushered in a novel approach to teaching and learning by implementing the NEP 2020. Experiential Learning, Community engagement, integration of the Indian (indigenous) Knowledge System into the curriculum, the CFE, important highlights of the NEP 2020, are the strategies used by the University in preparing students to be global citizens with a sense of moral accountability and integrity.

To achieve its mission and vision, and to help define its role as an institution that is purpose driven. the Martin Luther Christian University partners with agencies, NGOs, local organizations and collaborates with individuals from different fields of expertise. The University is venturing yet into another requirement of the new education policy, which is Internalization and Collaboration by working on possible MoUs with different international institutions particularly in South East Asia.

The University is operational from its new campus, at Umsawli and will soon extend to its permanent Umphyrnai Campus so it can be of service to many more students not only from the state but from the country and beyond.

The challenges are formidable but with a family of committed and responsible individuals, the future of the Martin Luther Christian University is promising.

It is indeed an honour for me to working among a dedicated group of teaching and supporting staff, in order to ensure that the University achieve its status as an institution of eminence not only in the state but also beyond

Prof T. Kumari Kharbamon

Vice Chancellor

3. Message from the Chief Editor

Dear colleagues,

We are delighted to present this year's annual report on the activities of our university, Martin Luther Christian University. As we reflect on the progress made over the past year, it becomes evident that MLCU continues to demonstrate a distinctive presence in various domains bridging the gap between academic pursuit and the employment sector.

We are especially proud of the achievements of our students. Their dedication and perseverance, and the support given to them have enabled them to thrive academically and personally. The report demonstrates the opportunities and resources available to our students, empowering them to become go-getters in their respective fields.

The hard work of our faculty, students and administrative staff continues to add to our growth and expansion. Innovative teaching practices at MLCU such as Continuous Formative Evaluation and Experiential learning have been in accordance with the NEP 2020. The learning experience of students are enriched further through community outreach programmes undertaken by the different departments of our university. Our commitment to serving society shines through in the partnerships established with local businesses, non-profit organizations, and government entities. Through these collaborations, we have been able to make a tangible impact on the communities we serve. Through dedicated efforts, our faculty members have continued to contribute pioneering research that addresses pressing societal challenges.

These reports from each department provide a comprehensive overview of our accomplishments, covering a wide range of areas including academics, research, community engagement, student growth and our alumni's achievements. They also include the challenges faced by the different departments in terms of technological infrastructure and university accommodation facilities to name a few.

We extend our thanks to the faculty, staff, students, alumni, and all stakeholders who have played a vital role in achieving the milestones to this point.

I thank the Registrar's Office and each department for their contribution in bringing out this report.

Sincerely,

*Dr. Barnali Oinam
Director, Editing and Publication

5. Acknowledgements

The completion of this annual report for the year 2022-23 would not have been possible without the collective efforts, dedication, and support of many individuals in the university.

We extend our sincere appreciation to the tireless efforts of our esteemed faculty the backbone of our institution who have been instrumental in driving academic excellence fostering a dynamic learning environment.

We acknowledge the support of our administrative team, whose behind-the-scenes work ensures the seamless functioning of all university operations

Lastly, we express our gratitude to our Board members, collaborators and partners, friends and well wishers of the university for providing their continuous support.

6. Preface

In terms of Sec. 44 (3) of the Martin Luther Christian University Act, 2005 passed by the Legislative Assembly of the Government of Meghalaya, the University, hereby, submits the seventeenth Annual Report for the Academic Year 2022-23 (July 2022-June 2023).

The Report prepared by the University's Board of Management has been duly approved by the Board of Governors and a copy of the same is hereby submitted to the Visitor of the University, His Excellency, the Governor of Meghalaya and to the Government of Meghalaya.

The seventeenth Annual Report of Martin Luther Christian University reflects the working of the administrative and academic departments of the university.

7. Strategic Intent

Vision of the university: Christian education and values for the betterment of society, especially its youth and Christian community.

Mission of the university: “To create an educational culture that is eco-sensitive, humanitarian, respectful of all cultures and will contribute to the sustainable development of Meghalaya; of India’s North East; of the country; and the world. This educational culture envisages a student and teaching community that is acutely aware of issues afflicting societies and communities and attempts to build bridges instead of community enclaves. At the heart of education is the need to build professionalism and skill sets that equip students to deal with immediate and future challenges while also inculcating in them the ethos of equity in gender and all human relationships, and inclusivity through focused activism.”

Core values:

Honesty	Sustainability
Tolerance and Respect	Quality
Perseverance	Humility
Teamwork	Leadership
Accountability	Recognition
Christian Values	Tribal Values

Academic core principles:

- Continuous Formative Evaluation (CFE)
- Experiential Learning
- Self Directed Learning (SDL)
- Student centred
- Research

1.2.15 SWOC analysis of the department

Strengths

- Able to have a wider knowledge and appreciation of other subjects
- Provide additional knowledge
- Helps improve grammar, vocabulary, skills and comprehension

- Value added course/UG and PG
- Good enrolment numbers, meets the demand of the job market and mental health practitioners
- Faculty from both Clinical and Counselling background
- Experience Faculty
- Available of external experts and networking
- It encourages the faculty to take up research
- Interns students can be assistants in data collection processes and can be apart of project
- Ongoing partnership with organizations, schools
- LCDs available in most classrooms
- Adequate testing tools
- Good number of general textbooks
- Students avail scholarships
- More student intake
- Students are placed in community programs
- Good connection with alumni through social media
- Active participation with the department through events, guest lecturers
- Account staff helpful in procedures
- Well organised
- Organised filing system
- Structured filing system
- Providing faculty members with opportunity to pursue research and participate in programs
- Workshops, conference, seminars
- Leaves (Women leave, family leave)

Weaknesses

- Limited number of Electives
- Requires more diverse textbooks

Opportunities

- Teach students different styles of writing to improve assignments and research
- Start Clinical Psychology for Masters as desired by most students
- Certificate courses on Pastoral Counselling [in collaboration with the Department of Theology, Tele Counselling]
- Elective Paper on Psychology branches
- Start a counselling centre in the community

- Add to financial aid
- Faculty from other branch of Psychology
- Come up with different projects and publications
- Reduce the financial implications by allotting students to assist in data collection
- Start MOUs with organizations, hospitals, schools
- Can include more testing tools
- Subscribe to online Psychology library
- Department scholarships
- To help students engage more in the community and to have multi-cultural experiences and understanding
- To collaborate with alumni working in different sectors
- Department Budget manual to give a clear financial framework
- Open to any faculty development program

Challenges

Limiting the scope by not providing more electives (no wider scope)

1.3.15 SWOC analysis of the department

Strengths:

- Diverse group of students
- Internship in UG and PG program
- The focus of the student's project is more on indigenous food systems and traditional knowledge which can be a pilot and baseline study for future research.
- Community-based learning.
- Interdisciplinary approach.
- An equipped learning laboratory.
- Publication of student's research
- The STI hub funded by the SEED DST
- Interdisciplinary and multidisciplinary course.

Weaknesses:

- A basic learning lab only. There is need for a research lab.

Opportunities:

- Only institute offers PG in Nutrition in Shillong.
- Only institution that offers nutrition course for male students.
- A well-equipped fruit processing lab.

Challenges:

- Competition between different institutions that offer UG program at a less fee.

1.12.15 SWOC analysis of the department

Strengths

- The Department has well qualified and dedicated teaching faculty
- The Department works hard to provide opportunities and education to its student in spite of the limited resources

- Team Work

Weaknesses

- No under graduate programmes
- Lack of minor and major projects
- Less publications

Opportunities

- Organised workshop and training on teaching and learning for the newly inducted faculty members.
- Implementing innovative teaching methods and incorporating technology in the classroom.
- Faculty are given opportunity to participate in Seminar/workshop or any other Faculty Development programme

Challenges

- Keeping pace with the rapid changes of education
- Generation of resources for the upgradation of the department

1.6.5 Thrust areas of Research:

Our department's research excels across key domains: Marketing, Finance, Entrepreneurship, HR, and Tourism. In Finance, we analyze financial performance within tourism cooperatives and IT-driven cost reduction in institutions. Our Tourism research spotlights experiential dimensions and circuit development. Marketing inquiries encompass Meghalaya's turmeric cultivators' challenges, digital marketing's impact, and efficacy. These focused pursuits yield insights into contemporary business dynamics, fostering innovation and sustainable strategies in diverse sectors.

1.6.15 SWOC analysis of the department

Strengths

- The program emphasizes on theory and experiential learning.
- The specializations provided are pertinent and in great demand.
- From this academic session the department will offer MBA specialization in Hospital and Healthcare Management, MBA one-year Dual Specializations, Post Graduate Diploma in Christian Management, Post Graduate Diploma in Hospital and Healthcare Management.
- Faculty possessing are PhD degree with different specializations.
- Research exposure, internship opportunities, practical industry training, and involvement in the community in a variety of ways
- Students engaging in activities pertaining to different specialisations through club activities

Weaknesses

- Dearth of companies and business houses in the state for students undergoing internship.
- Students are reluctant to undergo internship programmes outside the State.

Opportunities

- The department has an advantage as relatively only few universities in the state offer MBA Programmes in several specializations.
- The department strongly supports student-led initiatives and events.
- Community engagement is another element that increases students understanding the state of society.

Challenges

- The identical programmes might be available at the other universities at a lesser fee amount

1.7.15 SWOC analysis of the department

Strengths

- The program emphasizes on theory and experiential learning.

- Specializations offered are relevant and possess a high market demand.
- From this academic session the department will offer BCom Program and MCom Program specialization in Management.
- Exposure to research, internship, industry, and community engagement in the many aspects.
- Engagement with industry experts for guest lectures have added a valuable exposure to students.
- Students are represented from different regions, social, cultural, and family systems that have added a wide diversity in the learning environment.
- Interdisciplinary subjects can be linked together with the departments within the school.

Weaknesses

- There are faculty without PhD and therefore this poses a problem in supervising, research dissertations and PhD supervision.

Opportunities

- Only very few universities in the state offer MCom Program and therefore the department has an edge and advantage on this aspect.
- Students led activities and programs are encouraged greatly in the department.
- Community engagement is another aspect that enhances student awareness about the scenario in which they operate.
- Collaboration with different organizations e.g., Commerce and Management Association, Indian Accounting Association.

Challenges

- There may be other universities who can offer the same programs at a lesser fee.

1.8.15 SWOC analysis of the department

Strengths

- The strength of the department lies in its emphasis on field surveys, data collection, tabulation and analysis. This practice inculcates in the students the mentality to investigate the factors that influence or affect certain issues by themselves and to confirm or disprove findings and conclusions regarding various issues affecting the society and economy.
- Learning by doing, especially in statistics and mathematics rather than the approach of rote learning.

Weaknesses

- The weakness is the fees (it is relatively higher than most institutions in the state) and the shortage of manpower and a dedicated lab.

Opportunities

- The department has lots of potential, one being a centre of research and data repository concerning the economy and society of the tribal communities of the North-eastern part of India. Second, it could be a centre for policy experimentation and formulation backed by data collected. Last but not the least, it could be a centre for the study and dissemination of indigenous knowledge, traditional livelihoods et. Al., thereby contributing to the synthesis and generation of knowledge.
- A centre of research to address and achieve the SDGs.

Challenges

- The challenge in the foreseeable future is the fees (which is derived from the weakness) as most educational institutions offer the same course albeit at a lower fee.

1.9.3 Academic activities / Courses in the Department:

Brief statement of academic activities of the Department

To help students better understand the tourism sector and associated topics, the Department of Tourism and Travel Management organises a number of programmes and events. some of which are:

World Tourism Day is a yearly celebration held on September 27th to increase public awareness of the importance of tourism worldwide. To highlight the contribution of tourism to social, cultural, and economic development, the department presumably hosts seminars, workshops, and roundtable discussions.

World Heritage Week is an annual event that takes place in November with the goal of raising awareness and fostering an appreciation for cultural and natural heritage places. The department plan lectures, exhibits, and escorted tours of historic locations.

International Day for World Indigenous Peoples, which aims to advance and defend the rights of indigenous peoples all over the world. To increase public understanding of indigenous cultures and challenges, the department might host lectures, roundtable talks, and cultural events.

Community Camp, probably entails students taking part in a community outreach or engagement programme associated with travel and tourism. Working with local communities to comprehend their needs and difficulties relating to tourism might be included. Travel and tourism education are not complete without study tours. To give students hands-on experience with all elements of the business, the department plans tours to a variety of locations, both domestically and abroad.

1.9.15 SWOC analysis of the department

Strengths

- Pioneer Univ. offering both PG and UG in Tourism Administration
- Faculty Members with Industry experience

- 4 Assistant Professors 1 completed his PhD and 3 Pursuing PhD
- Strong association with the Alumni
- Flexible curriculum
- Adept in activities of Event planning
- Department has a strong image in the State
- Talented and creative students.

Weaknesses

- Poorly due to lack of strong infrastructure (eg labs, equipment, library, books)
- Balance between theoretical and practical work is still a problem area
- No placement assistance to students
- Shortage of Training centres (other than the hospitality areas)
- Lack of Refresher Courses for teachers in the Tourism field.

Opportunities

- Able to diversify curriculum towards communities through vocational courses
- Potential to handle more projects
- Potential for greater associations with societies/communities/groups
- Student bank capable of undertaking case studies and projects
- Further professional assistance to the development of livelihood initiatives in Tourism (eg Mawpun)
- Further placement assistance to students.

Challenges

- Scope of employment in the tourism sector currently still low in the state
- Tourism courses in other institutes (e.g., NEHU, UTM, Lady Keane College, St. Anthony's, St. Edmunds, UCC, Women's College)
- Directorate of Tourism-sponsored courses with stipends
- High attrition rate of faculty.

1.10.15 SWOC analysis of the department

Strength

- Internship experience for the BA programme in ELE broadens the learner's career scope
- Emphasis on career streams such as internship, research, community engagement, teaching-learning and entrepreneurship are advantageous for the MA programme in English Language Education.
- Coursera courses in TESOL provide learners with a rich learning experience and practical hands-on experience.

Weaknesses

- Promotion of the department of ELE needs to strengthen in terms of community participation and engagement as it is not as popular as other disciplines.

Opportunities

- Improved career scope for the UG and PG students as emphasis is on multiple career streams.

Challenges

- ELE is a discipline that can create opportunities for progress for individuals, students and faculty, within the country and abroad. Two reasons why this has become a challenge is it is difficult to sensitise and change mindsets of people with regards to the relevance and importance of English Language Education and networking with institutions as the academic progress in the department has been challenging.

1.11.3 Academic activities / Courses in the Department:

Brief statement of academic activities of the Department

The department provides a comprehensive course of English literature from its nascent stage to contemporary times. Besides the literature that is produced from the British Isles, the courses also cover literature written in English or in translation from other countries and continents including special courses on World/American, Indian and North east English literature. The Department offers both a Bachelors and a Master's program with options for multiple exit and entries. The programs are 3+1- and 2-year courses divided into two semesters per year respectively. There are also many co-curricular and extra-curricular activities that will help students in experiential learning.

1.11.5 Thrust areas of Research:

Dissertations and research by the department is generally catered more towards studying indigenous art and literature whether in English or in Translation. Though not a rule, the department feels that belonging to the north east of India with students generally from this area, it is pertinent that we study our own and help to promote and preserve our cultures and literatures that are varied and rich but largely unexplored.

Date of Meeting/s	Summary of changes made	
	Existing	Proposed
May 10, 2023	Writing Methods, UG 4 th Year Curriculum	It was observed that content in the Writing Methods course was missing, and it was recommended that the necessary corrections be made to its contents.
	Northeast Writing in English and Translation I and II for PG 3 rd and 4 th Semester	Furthermore, it was suggested that the NE literature course put emphasis in writing only, and it was proposed to expand the curriculum to include oral literature. Additionally, it was recommended that the North East paper could tweak the nomenclature to reflect specific contents in the course.
	Song writing Course with Music Department	It was recommended to incorporate the department's probable courses into the curriculum as 2 or 4-credit courses

1.11.15 SWOC analysis of the department

Strengths:

- Curriculum that is fresh and flexible ranging from canonical to indigenous literature studies.
- Practical learning through programs such as Meet the Author, Poetry Day Celebration etc.

- Flexible Research to adapt to undocumented, oral, cultural practices such as folk songs and folk tales.
- Steady stream of enrollment since start of program.
- Preparation of students for competitive exams and research.

Weaknesses:

- Limited credits for a deeper and more comprehensive study of a comprehensive curriculum.
- Lack of opportunities to follow up to Practical learning.
- Standardization and publication of non-traditional research is needed for better impact of research.
- Better promotion of the department and the strengths it offers to gain even larger enrollment and making it a top choice for students.
- Teacher/Student ratio.

Opportunities:

- Research done on student's indigenous communities have great potential for archiving cultures that has not been documented earlier in a professional, academic format.
- Considering the multi-lingual approach to dissertation research, there is opportunity to begin a translation cell from the department.
- Collaborations with societies and organisations offering projects in cultural studies.
- MoU's with firms, agencies and institutions for providing content writers and language instructors.
- Content provider to newspapers and journals on local issues and events as correspondents.

Challenges:

- Mandatory online classes have proven to be difficult with limited exam centres in SWAYAM.
- Limited options for literature students in Coursera.
- Other institutions offering similar programmes with lower fee structure.
- Infrastructure.

1.12.15 SWOC analysis of the department

Strengths

- The department has a team of qualified and experienced faculty.
- The department has a dynamic syllabus for development of the faculty and students and for the growth and credibility of the department and university at large.
- Most of the languages in the Northeast region remains unexplored, and this department offers a wide range of and potential for research in the same by both students and faculty.
- The department actively engages in community engagement to promote linguistic awareness and cultural diversity.

Weaknesses

- Limited research publication in good journals by the faculty of the department.
- Promotion of the department of linguistics through various academic activities is minimal.

Opportunities

- The Department can grab opportunities to contribute to language documentation efforts in the Northeast region, promoting the preservation of the indigenous languages and its culture.
- Exposing the student's fraternity to a more relevant and updated curriculum.
- Students get an opportunity to have a hands-on experience on their theoretical learning.

Challenges

- What is challenging with the department is to sensitize people on the relevance and importance of linguistics as a discipline.
- The department faces challenges in raising awareness about the importance of linguistics and the diverse career opportunities it can offer.

1.13.5 Thrust areas of Research:

The department's area of research focuses on several aspects of music. Firstly, folk music is the exploration of traditional music passed down through generations, preserving cultural heritage and celebrating community narratives. Traditional music delves into the study of music in different cultural contexts, highlighting diverse musical practices from around the world. Church music investigates the music used within religious settings, exploring the history, traditions, and forms of sacred music. Lastly, music therapy is an intriguing field that combines music and psychology to enhance physical, emotional, and cognitive well-being. This multifaceted research area allows for a comprehensive understanding and appreciation of music's cultural, spiritual, and therapeutic dimensions

1.13.15 SWOC analysis of the department

Strength:

- Alumni have been placed as music teachers, performers and entrepreneur.
- A good rapport with the Music experts and professional musicians from Khasi community and few from other parts of the country.
- One among the two institutions in the state who offer BA Music and the only university who offer MA Music.
- The only music institution who has Indian, Indigenous and Western music subjects.
- All faculty are PhD.

Weaknesses:

- Musical instruments.
- High fee structure.
- There is no regular faculty for Indian Music.
- No proper documentation was done on the contribution of traditional musicians, less contact with Garo musicians.
- Have not organised any symposiums, seminars and conferences.

Opportunities:

- Mixture of students from different cultural background.
- Exposure - Invitation from various institutions, government departments and organisations to perform.
- A good documentation can be converted to Publication.

- A lot of green field areas in traditional music.
- Mixture of Indian, western and indigenous music.

Challenges:

- High fees, less enrolments.
- Work load and staff balance.
- Competition with other music institutes, colleges, bands in town.
- Location and distance of the department from the city.
- Other subjects not related to music have discouraged students in the course.

1.14.15 SWOC analysis of the department

Strengths

- Experienced and knowledgeable faculty with expertise in various areas of environmental science
- The department is involved in almost all SDG theme subjects offered in the university to all UG programmes.
- Department undertakes a number of extension activities and camps as part of the curriculum
- Integration of sustainable practices within the department and campus.
- The department offers M. Sc Specialisation and M. Sc General courses.
- Regular updating of the curriculum.

Weaknesses

- Low student enrolment
- Insufficient space for students to carry out practical work.
- Finding an appropriate time for more experiential learning activities to fit in the schedule.
- Not enough documentation of all activities and work being carried out by the department.
- Limited internship and job placement opportunities for students.

Opportunities

- To inculcate the sustainable development goals in each student in a simple and effective manner.
- Expansion of interdisciplinary degree programs in environmental sciences.
- More exposure to attract student intake.
- Inviting experts from the field.
- Collaboration with international universities for exchange programs.
- Opportunities to apply for external grants from various companies related to the subject.

Challenges

- Limited number of experiential learning because of restricted timelines.
- Insufficient space for students to carry out practical work.
- Adapting to emerging environmental technologies and methodologies.
- Balancing academic rigor with the practical skills required in the field.

Dr. Rennie Orson Lakadong, PhD	Associate Professor and Dean Applied Sciences	Basic, Clinical, Analytical and Applied Biochemistry, Chemistry, Basic Chemistry, Molecular Biology, Medical Genetics and Research Methods
Dr. Colleen Sonia Pariat, PhD	Assistant Professor and Head of Department	General Microbiology, Systemic Bacteriology, Mycology, Parasitology, Virology, Immunology, Serology and Clinical Microbiology)
Lewaka Plain, MSc MLT	Assistant Professor (Assistant Head of Department)	Hematology- Medical Ethics, Hematology, Blood Banking, Histology, Serology, Cytology and Pathology.
Naphibanmer Wankhar, MSc Medical Microbiology)	Assistant Professor	General Microbiology, Systemic Bacteriology, Mycology, Parasitology, Virology, Immunology, Serology and Clinical Microbiology)
Banlamphrang Jyrwa, MSc Clinical Biochemistry)	Assistant Professor	Biochemistry- Basic, Clinical, Analytical and Applied Biochemistry, Chemistry, Basic Chemistry

Name and Qualification	Designation	Specialisation / Areas of Teaching assignment
Dainasha Kharbteng, MSc Nursing-Child Health)	Senior Tutor	MSc Nursing-Med-Surg Specialization in Neuro science-ANPH, OBG, introduction to health care, Med-Surg, Pedia, basic intensive care, Psychiatry, Minor papers, Foundation Course Basic Surgical Procedures Advanced Anaesthesia techniques, Specialised Anaesthesia and Surgery.
Pynhunlin Lyngdoh, MMIT	Senior Tutor	Clinical radiography positioning, Quality control in Radiology and Radiation Safety, Newer Modalities- Imaging Techniques including Patient care, Ultrasound, CT Protocol, Radiographic and Image Processing Technique, Directed Clinical Education.
Dipika Hajong, MSc MLT	Lecturer	Hematology theory and practical
Fatima Phawa, BSc MLT	Junior Tutor	Medical Imaging Technology subjects
Thessalonica Dkhar, MSc Nursing	Senior tutor	MSc Nursing-Medical Surgical Nursing-Critical Care-ANPH, OBG, introduction to health care, Med-Surg, Pedia, Basic intensive care, Psychiatry, Minor papers, Foundation Course Basic Surgical Procedures Advanced Anaesthesia techniques, Specialised Anaesthesia and Surgery.

Adjunct faculty/Guest faculty/Part time faculty

Name and Qualification	Designation	Specialisation / Areas of Teaching assignment
Dr. Tania Basaiawmoit, MBBS, DO	Adjunct Associate Professor	Ophthalmology
Dr. Jennifer Vaid Basaiawmoit, MD Ophthalmology	Adjunct Professor	Ophthalmology
Ms. Agathanora Suna, MOptom	Adjunct Assistant Professor	Optometry
Mr Anton Decruse Waanbah	Adjunct Assistant Professor	Optometry
Dr. Rajiv Sarkar, PhD	Adjunct Associate Professor	Epidemiology
Dr. Eliza Dutta, PhD	Adjunct Associate Professor	Epidemiology

Dr. Melissa Glenda Lewis, PhD	Adjunct Associate Professor	Application of Bayesian methods in Public Health evidence synthesis
Dr. Tiameren Jamir, MBBS, MBA Hospital & Health System Management	Adjunct Associate Professor	Hospital and Health System Management
Dr. Sandra Albert, MBBS, MD, DrPH	Adjunct Professor	Public Health and Policy
Dr. Barilin Dkhar, PhD	Adjunct Assistant Professor	Zoology
Ms Ribhalin Lating, BSc MIT	Guest faculty	General Radiology
Ms. Balarisha Lyngdoh Marshilong BSc MIT	Guest faculty	General Radiology
Mr. Wilson Hrangkhawl, MSc MIT	Guest faculty	MMIT-Advanced Medical Imaging Technology subjects
Ms. Michella Linley Lyngdoh, MSc MIT	Guest faculty	MMIT Pursuing PhD-Advanced Medical Imaging Technology subjects
Mr. Tyngshain Kyndait, BSc Anaesthesia Technology	Guest faculty	Anaesthesia Technology
Mr. Arwan Raplang Lyngdoh, M. Pharm	Guest faculty	Pharmacology and Anatomy and Physiology (Human Anatomy and Physiology I and II (Basic and Advanced), Pharmacology, Anaesthetic Pharmacology, Medical Terminology and Record keeping (including anatomical terms), Quality in Health Services, Introduction to Quality and Patient Safety)

1.15.3 Academic activities / Courses in the Department: Brief statement of academic activities of the Department

The Department of Allied Health Science was set up in 2006 with the mission statement *“To be a department of excellence, dedicated to quality education in healthcare and research by integrating values, commitment, social consciousness, professionalism and services thereby creating skilled health professionals”* and with the following objectives:

- To equip students with hands-on experience and enhance their skills in their field of study.
- To prepare them to be skill-ful and confident as they move from the classroom environment to their world of work.
- To uplift healthcare in rural and urban settings.
- To have laboratory, clinical and community engagement.

- To produce trained professionals who are locally and globally competent and to enhance their employability.

The courses offered are Diploma in Medical Laboratory Technology, Diploma in Medical Imaging Technology, Bachelor of Science in Medical Laboratory Technology, Bachelor of Science in Medical Imaging Technology, Bachelor of Science in Surgical and Operation Theatre Technology, Bachelor of Science in Physician Assistant and Bachelor of Science in Optometry. The post-graduate courses include Master of Science in Medical Laboratory Technology with Specialization in Microbiology and Biochemistry and Generic, Master of Science in Medical Laboratory with specialization in Clinical Bio-chemistry, Master of Science in Medical Laboratory Technology Generic, Master of Science in Medical Imaging Technology.

The Department follows the model curriculum of the Ministry of Health. The clinical postings are in-house and to hospitals for hands-on exposure alongside health camps in urban and rural areas. The Under Graduate (UG) students go for a 12 months' internship and carry out a project during the period whereas Post Graduate (PG) and diploma students go for a six months' duration of internship with a dissertation (PG).

1.16.5 Thrust areas of Research:

The Department's research endeavours focus on the following areas: Data Mining, Machine Learning and Digital Image Processing. In Data Mining, we plan to develop and analyse novel techniques for uncovering valuable insights within extensive datasets, enabling data-driven decision-making through pattern recognition and predictive modelling. Our Machine Learning research plans involve advance automation, prediction and classification across diverse domains, from natural language processing to robotics, pushing the frontiers of intelligent systems. Simultaneously, our work in Digital Image Processing plans to enhance visual data analysis, computer vision and image-based pattern recognition, benefiting fields like medical imaging, remote sensing and multimedia content analysis.

1.16.15. SWOC analysis of the department

Strengths

- Foundation Courses in IT involves no additional cost for resources.
- Skill based specializations.
- Industrial training.
- Scholarships being availed.
- Budget friendly value-added course.
- Awareness of current technologies.
- Student of the semester award

Weaknesses:

- Large number of students results in lack of individual attention.
- Non-retainment of students for PG course.

- No consultancy.
- No sponsorships.
- Tracking of Alumni.
- Cannot accommodate students from other Departments for lab usage.

Opportunities:

- Provide fundamental IT skills
- Publications and community-based projects.
- Hybrid and paper less learning practice.
- Ability to provide technical and administrative support without adding additional cost.

Challenges

- Closure of courses due less intake.
- Limited source of income for the department.
- High maintenance cost for Lab.
- Competition with reputed organizations.
- Overload of credits for faculties due to extra responsibilities

Name: Careen Joplin Langstieh

Contact: 9856391252

Email: careenjoplin@mlcuniv.in

Term of office: January 2023 till date

3.3.2 Objectives of the Centre:

- The Community Centre of Art, Craft and Culture introduces to the university the possibilities of looking at academics from a creative angle. Art has always been one of the branches of studies that requires all of our senses to be taken into consideration. It is no doubt that students who participate art programs tend to perform better in other subjects. It is also true that art programs enhance critical thinking and problem-solving skills.
- The centre also focuses on hands-on activities that allows for exercising our tactile senses. During the course of the activities we have had, we have noticed that there are more participants who have not been in touch with their creative side since their school days but who shows keen interest to continue and explore this medium. Some of them were able to create works that speaks volumes about the way they feel and understand life.

3.3.6 Academic Activities of the Centre: (Brief statement of Academic activities and Achievements)

The Community Centre of Art, Craft and Culture introduces to the university the possibilities of looking at academics from a creative angle. Art has always been one of the branches of studies that requires all the different senses to be taken into consideration. It is no doubt that students who participate art programs tend to perform better in other subjects. It is also true that art programs enhance critical thinking and problem-solving skills. Our centre focuses on hands on activities that allows for exercising our tactile senses. During the course of the activities we had, we have noticed that there are more participants who have not been in touch with their creative side since their school days and who shows keen interest to continue. Some of them were able to create works that speaks volumes about the way they feel and see life. In short, the centre's programs aim at nurturing our unique ability to feel and view life from varied perspectives.

Activities and Achievements during the year

4.4.2 Academics

The NEP 2020 has provided a new blueprint for higher education in India and emphasized the need for 21st century skills. The policy is based on a multidisciplinary approach of liberal education that provides a broad intellectual foundation to think critically, reason analytically, and communicate clearly. If higher education is to prepare students for life, for work and for becoming effective members of society, it is important to provide a holistic foundation of knowledge, skills, and values to view the world from scientific, artistic, and humanistic angles.

The NEP has been implemented in the university from the Academic Year 2020-2021 in the curriculum of all departments

4.4.7 Curriculum

The diploma and degree programmes that MLCU offer are livelihood, career, and entrepreneurial centred. They are oriented to the development needs of the state, region, and country. The curriculum is experiential, not didactic, dynamic, not static, and competency-based rather than theoretical.

Multidisciplinary initiatives

Sl no	Title of the initiative
1.	<p>Choice Based Credit System (CBCS)</p> <p>In line with UGC recommendations, the University follows the Choice Based Credit System for all undergraduate students. Under CBCS, students choose a Minor (12 credits) from another department.</p>
2.	<p>Foundation Course</p> <p>Life span development is the field of study that examines patterns of growth, change and stability in behaviour that occur throughout an individual's lifespan. Lifespan development focuses on human development and views development as a continuous, lifelong process. Lifespan development uses a scientific approach to understanding human growth and change throughout life and encompasses physical, cognitive, social, and personality development. Culture and ethnicity also play an important role in development, that is, both culture in the broad sense and aspects of culture, such as race, ethnicity, and socio-economic status. The Foundation Course provides awareness and engagement with all these issues that young adults face and will provide academic, social, and psychological support during this important phase of life and university education.</p>
3.	<p>Sustainable Development Goals</p> <p>Sustainable Development Goals (SDGs): People, Planet, Prosperity, Peace and Partnership (for UG students)</p> <p>Identifying the UN 17 SDGs as the directional theme in creating the multidisciplinary subjects was one way to ensure a multidisciplinary approach. The subjects created from the 17 SDGs allows credit- based courses and projects in the areas of community engagement and service, environmental education and value-based education as mentioned in the NEP 2020. Every goal of the UN SDG can be achieved only by the combined approach of two or more disciplines. It allows students to understand about the different social issues that contribute to quality of life and at the same time identify ways in solving the problem through the provision and management of the different government schemes and innovative ways to earn livelihood and improve the life of the people. Hence, it also creates the opportunity for a cross-disciplinary and interdisciplinary approach.</p>

	<p>Sustainable Development Goals (SDGs): Exploring Core Elements, Interconnections, and Challenges for a Sustainable Future (for Postgraduate students)</p> <p>This course is designed to provide postgraduate students with a comprehensive understanding of the UN Sustainable Development Goals (SDGs) and their relevance in addressing global issues and challenges. The course aims to enhance the students understanding of the key concepts, principles and frameworks related to sustainable development. Further, the course aims to explore the interconnections of different SDGs and identify the challenges in implementing the SDGs.</p>
4.	<p>Gender, Sexuality and Society in Northeast India, compulsory course for all post graduate students (4 credits) is implemented for all PG students from batches 2021 and 2022.</p> <p>Objectives of the course:</p> <ol style="list-style-type: none"> 1. To examine basic concepts in gender studies 2. To examine the factors contributing to gender bias, inequality and inequity 3. To inculcate gender sensitivity towards issues of the LGBTQIA community 4. To address critical issues in reproductive health and sexuality 5. To examine the legislative framework for gender equality in the international, national and regional context 6. To examine contemporary issues related to Northeast India.
5.	<p>Current Affairs, compulsory course for all post graduate students (2 credits) is implemented for all PG students from batches 2021 and 2022.</p> <p>Objectives:</p> <ul style="list-style-type: none"> • To develop career-oriented skills and knowledge. • To enhance employability and career readiness through mock tests, interviews, and group discussions to simulate real-world job scenarios and improve students interview skills and confidence. • To offer career guidance and counselling services to help students make informed decisions about their future career paths and develop effective job search strategies. • To facilitate networking opportunities, industry interactions, and internships to provide students with practical exposure and increase their employability prospects.

	<ul style="list-style-type: none"> To provide access to a range of reference books, research materials, and online resources to support students learning and research needs.

Curriculum enhancements

Sl no	Significant modifications made during the year
1.	<p>Self-Directed Learning (SDL)</p> <p>The UGC Guidelines for Master’s degrees has the following provision: “The students shall be encouraged to study some part of the syllabus themselves and shall be given assignments, so as to make use of the library, laboratory, internet and such other faculty.” Self-learning is any study form in which individuals have primary responsibility for planning, implementing, and even evaluating the effort. Most people prefer self-learning to teacher-directed learning. In self-directed learning: Individual learners become empowered to take more responsibility for decisions associated with learning.</p>
2.	<p>Internships</p> <p>As part of experiential learning, internships are encouraged and supported in MLCU in that all departments have internships. The strongest internship programme in terms of duration and learning is in the AHS department. Most AHS students have found the internship to be a personal and professional transformative experience. A transformative experience will best come about from an immersive internship which serves several purposes.</p>

4.4.8 Teaching Learning-Process

The Teaching-Learning Certification Program in MLCU embodies a thorough strategy for faculty development, addressing the various dimensions of teaching and learning. It places a strong emphasis on fostering innovative teaching methods, incorporating technology effectively, promoting self-awareness, nurturing professional growth, and valuing student input. The primary goal of this program is to enable faculty members to thrive in their teaching roles and actively enhance the academic standing of MLCU. Obtaining a Teaching-Learning Certification signifies more than mere recognition of expertise; it signifies a commitment to continuous improvement and a focus on education centred around the needs of students.

AUDITORS' REPORT

We have audited the attached Balance Sheet of Martin Luther Christian University, Meghalaya, as at 31st March 2023 and also the Income and Expenditure account for the year ended on that date annexed thereto.

The preparation of the financial statements is the responsibility of the management of the University. Our responsibility is to express an opinion on these financial statement based on our audit.

We have conducted the audit in accordance with the Generally Accepted Auditing Standards. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit includes examining, on test check basis, an evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used by the University, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The amount of provision on bad and doubtful debts on the total collection of fees is very high. It is suggested that proper measures may adopted to ensure that the same is minimised.

The entries on account of GST and TDS are as per books and are subject to confirmation and reconciliation as per the books of accounts wherever necessary.

TDS receivables ledger should be adjusted with the amount of TDS as and when refunded / adjusted by the Income Tax Department.

Subject to above we report that :-

1. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of the audit.
2. In our opinion, proper books of accounts as necessary for the purpose of audit have been maintained by the University, so far as appears from our examination of those books.
3. The Balance Sheet and the Income and Expenditure account dealt with by this report are prepared in accordance with the accounting principles generally accepted in India.
4. The Balance Sheet and the Income and Expenditure account referred to above is in agreement with the books of accounts.
5. In our opinion and to the best of our information and according to the explanations given to us the said accounts, subject to the notes on accounts, give a true and fair view :
 - (i) in the case of the Balance Sheet, of the state of the affairs of the University as at 31st March 2023; and
 - (ii) in the case of the Income and Expenditure account, of the excess of *income over expenditure* for the year ended on that date.

Schedule S: Significant Accounting Policies and Notes on Accounts

March 31, 2023

A. Significant Accounting Policies:

1. Basis of Preparation of Financial Statements

The financial statements are prepared under the historical cost convention and all significant items of income and expenditure are accounted on the accrual basis of accounting. The Statements of Accounts comply with generally accepted accounting policies and mandatory accounting standards and statements issued by the Institute of Chartered Accountants of India.

2. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the University to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the dates of the financial statements, and the results of operations during the reported period. Although these estimates are based on the University's best knowledge of current events and actions, actual results could differ from these estimates. Difference between the actual results and the estimates are recognized in the period in which the results are known or materialized.

3. Income Recognition

All income including tuition and other fees are recognized on their due dates on accrual basis. The portion of fees received which pertains to the subsequent financial year are treated as fees received in advance.

4. Expenses

All expenses are accounted on accrual basis and provisions are made for all known liabilities.

5. Fixed Assets

Fixed assets are stated at their cost of acquisition inclusive of freight, duties, taxes and incidental expenses relating to acquisition of the asset, and the cost of installation/erection as applicable.

6. Depreciation

Depreciation is charged on cost as per written down value method as per rates given in Rule 5, Appendix I of the Income-tax Rules, 1962 Leasehold improvements are amortized over the period of the lease and computer software has been depreciated @ 40%.

7. Impairment of Assets

Impairment of an asset would take place when the carrying value of the asset exceeds its recoverable amount. Accordingly, impairment losses will be charged to the Income & Expenditure Account in the year in which an asset is identified as impaired. The impairment loss recognized in a previous accounting period is reversed if there has been a change in the estimate of the recoverable amount.

8. Provisions

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Provisions that are not otherwise made in the accounts are disclosed by way of appropriate note, wherever applicable.

9. Contingent Liabilities & Contingent Assets

Contingent liabilities are not recognized, but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

B. Notes on Accounts:

1. Fixed assets include building in progress and expenses incurred towards land development.
2. Depreciation has been charged on the written down value of assets as per rates given in Rule 5, Appendix I of the Income-tax Rules, 1962 and computation of depreciation on additions during the year has been made from the date on which the assets have been effectively put to use. Leasehold improvements have been amortized over the period of lease.
3. Interest earned on investment of university endowment fund has been allocated between the Development Fund and Endowment Fund in accordance with Section 40(4) of the Martin Luther Christian University Act, 2005. Interest earned on investment of other endowment funds is apportioned among the respective funds.
4. By an arrangement with KJPA, the University paid the equated monthly installments (EMI) of the loan availed by KJPA from IDBI Bank for the construction of additional floors of the KJPA Conference Centre which is being used for library and classrooms. A contingent liability exists in this behalf with respect to a rental charge for the premises or partial/full amortization of the EMI.
5. The University undertakes execution of projects and carries out consulting engagements on behalf of government agencies and non-governmental organizations as part of its initiatives to build practical knowledge for its faculty and students. The receipts and disbursements in respect of projects and consulting engagements completed during the year are stated in the Income & Expenditure Statement and the remaining ones are carried over under Designated Fund Accounts in the Balance Sheet.

6. As per the current year there is no provision made for doubtful debts as there is enough provision made in the previous year.
7. There are outstanding amounts as raised by the Income Tax Department for the AY 2009-10, 2010-11 and 2018-19 for which an appeal/ rectification has been filed with the Income Tax Department and have been contested against the same.
8. Previous year figures have been regrouped and re-arranged wherever necessary.

Martin Luther Christian University Report of the 15th Convocation

The 15th Convocation of the Martin Luther Christian University was held on September 29, 2022, at Windermere Resorts, Umpling. Mr. Charles Pyngrope, a Member of, the Meghalaya Legislative Assembly graced the occasion as the Chief Guest, and Mr. Stan Thekaekara, founder, Action for Community Organisation Rehabilitation and Development (ACCORD), Gudalur delivered the convocation address. Of the total 708 graduating students, 12 PhDs, 5 MPhils, 368 master's degrees, 223 bachelor's degrees, 11 postgraduate diplomas, and 86 diplomas, 3 certificate courses were awarded. The university also awarded the Honorary Doctorate to Mr. Carmo Noronha, Executive Director, of Bethany Society for his pioneering work in mainstreaming disability through advocacy.

Honorary Doctorate to Mr. Carmo Noronha, Executive Director, Bethany Society

In recognition of remarkable achievement in any field, vocational or voluntary, Martin Luther Christian University presents awards to outstanding alumni each year at the Convocation to honor these students and celebrate their achievements. The award recognizes

alumni who have demonstrated excellence in their chosen field of entrepreneurship, community engagement, academics, or other careers. The Distinguished Alumni Award does more than honor its recipient. It is a demonstration of the Mission and Values of the University. It brings pride to the alumni, staff, and faculty of the University, and provides role models for the students.

For the last two years, the University was not able to present the Distinguished Alumni Awards, because the convocations were held online. Nominees for the awards are submitted by the departments of the University. A selection committee makes the final list of awardees. The Distinguished Alumni Awards are as given below:

Name	Department	Degree	Year of Graduation
Mr. Jonah Joram	Tourism and Travel Management	Bachelor in Tourism and Travel Management	2018
Mr. Presarwel Lyngdoh	Music	MA Music	2016
Ms. Mevourine Diengdoh	Allied Health Sciences	BSc Physician Assistant	2019
Mr. Samram Sing Syiem	Economics, Commerce, and Management	Bachelor in Business Administration	2016

While congratulating the graduates of 2022, Mr. Pyngrope in his address reminisced on the time when he was a member of the Meghalaya Legislative Assembly and the Bill for the MLCU Act was introduced and he voted in the affirmative. He further added, “16 years later I stand here and congratulate the university and the management for its strife in its endeavor towards educating the youth of the region.” He further went on to stress that literacy is a means to development but many educational institutions are producing non-performing human assets. He emphasized that educational institutions must be reminded that the great destiny of mankind will only be achieved through the strengthening of the mind of the youth, hence we should urgently realign the education system with the foremost values of our civilization.

In his convocation address, Mr Thekaekara spoke at length on the importance of tribal ethics and way of life. He said that people are created equal but in reality, that is hardly ever true, we all see equality as desirable but it has led us to believe that egalitarianism is a pipe dream. But in tribal communities, egalitarianism happens by design. He further added that it is applaudable that tribal communities hardly have any segregation between the different socio-economic groups. He concluded that tribals are smart enough to realize that God resides in nature and that God can be found not in ornate buildings but in what he created.

Report of the University presented by Dr. T.K Bamon, Vice Chancellor at the 15th Convocation of Martin Luther Christian University: September 29, 2022

Hon'ble Chief Guest Mr. Charles Pyngrope, Member, Meghalaya Legislative Assembly
Esteemed Convocation Speaker, Mr. Stan & Mrs. Mari Marcel Thekaekara, Accord, Gudalur, Tamil Nadu

Chancellor Dr. Glenn C. Kharkongor,
Pro-Chancellor Dr. Samuel Meshack,
Esteemed Members of the University Board and management,
Respected Guests, Parents, and Guardians of the Students,
University Officers, Faculty and Staff,
Our Dear Graduating Students,
Ladies and Gentlemen.

We are honored to have the privilege of briefly presenting to you the summary of the Progress Report of the University for the academic session 2021-22.

General

1. **Introduction and recognitions:** Since its establishment in 2006 as a State Private University, and as we enter into our 17th academic year with our 15th Convocation, Martin Luther Christian University has much to rejoice for.
2. **Education World-** Martin Luther Christian University (MLCU), Shillong was ranked 52 in the top hundred private universities in the country and the number one private multidisciplinary university in Meghalaya.
3. **Enrollment:** Total new enrollment as of September 11, 2022, is 908.

Academic Highlights

The university has been growing in strength with 72 full-time teaching staff, 58 non-teaching staff, and 18 adjunct faculty. The departments and centers have been robust in bringing about positive developments in line with the academic policies of the university. The university presently has four schools, 18 departments, and 3 centers. For the current Academic year, the University offers 7 Diploma programs, 16 Undergraduate programs, and 27 postgraduate programs. The University also offers Ph.D. programs for secular and theological studies.

Experiential learning is the core of our teaching and learning pedagogy. MLCU is fortunate to have the support of numerous organizations and institutions. These partners offer experiential learning to our students, professional expertise for our faculty, and collaborations for community and research projects.

1. Government organizations-39
2. Corporate and business organisations-38
3. Hospitals-25

4. Educational institutions-20
5. NGOs-56
6. Villages-28

The University endorses the National Education Policy 2020. Many emerging academic trends, policies, and pedagogy have been incorporated into the curriculum such as interdisciplinary Sustainable Development Goals Subject, Basic COVID knowledge, and skills online courses, Blended Learning, and internships. On April 20-23, 2022 the Academic Retreat was organized for all faculty to reflect on the current MLCU academic philosophies, policies, and practices and to apprise and discuss the National Education Policy 2020 and its implications.

MLCU also renewed its collaboration with Martin Luther University College, Waterloo, Canada. This collaboration will mutually share the resources for building closer cooperation and partnership between the Faculty of Theology and Religious Studies, MLCU, Shillong, and Martin Luther University College in Waterloo, Canada.

Research highlights

Research is the core of a university. Research in terms of doctoral programs, funded research, and publication are all being taken care of by the Department of Doctoral Studies and Research. With time, the department has seen an increase in the number of enrolment of scholars in the doctoral programs that are being offered, in the number of funded projects being awarded, and in publications by the University as well. We may be reminded that the lockdown imposed due COVID 19 infection has affected the pace of research, yet it never stopped the researchers from being innovative and finding different ways to cope with the situation. The sheer number of PhDs being awarded in this convocation is bearing testimony to that. Some of the research proposals that were written and prepared during the lockdown period have seen the light of day in 2021. To name a few, a 3.5 crore project was awarded by DST (Department of Science and Technology) last year, an IICMR-funded project amounting to 37 Lacs was awarded this year, and others. The publication section came up with a free online course entitled *An Introduction to Covid-19 an Informed Citizen and Community Volunteer* which was prepared and compiled during the lockdown period.

To strengthen the processes of the department several policies have been drawn, this includes policies on Interdisciplinary Approaches to Doctoral Research, Gender Sensitive Research, Culture in Research, and Teaching Assistantships for Ph.D. Scholars, to name a few. To support the CPD of the faculty members in the University, the department has also updated its policies on Financial Support for Faculty and Staff Development, Journal Standards for Article Submission, Progress and Support for Faculty Publications, and Screening and Support for Faculty Publications. The department has been able to conduct workshops on research methods, academic writing, SPSS, and others for both the scholars and faculty members

Student support and services

The office of the Dean of Students is an important part of the University's administration. It primarily focuses on the overall development, comprehensive as well as the enhancements of core values among students. Student support and services have been an integral part of deliverance. Besides supporting the academics of the students, the Dean Students' office pushes and motivates the students to explore their hidden

talents and various areas of interest, be it sports, arts, cultural performing art, or any other facet of innovation they are interested in.

The office undertakes various student schemes and activities throughout the year inclusively and holistically, the aim is to provide logistic support to the students to bring out the best in them, be it in academics or any other field.

Students' Growth and fulfilments: Student Council and NSS

With the help of NSS and the Student Council, the office has been able to conduct many events at the University throughout the year. The Dean Students' office also takes part in several social programs promoted by Govt. of India and the State Govt. like Azadi ka Amrit Mahotsav, Yoga Month, among others. The office of Dean Students' is committed to helping promote and assisting in all programs. Currently, the following are the number of members in NSS, Rangers, and Rovers

NSS members: 330

Rangers and Rovers members: 35

Alumni Association

The Alumni Association has been registered with the government. Currently, there are 342 registered members.

Financial Aid: Scholarship

In 2021, a Free COVID Scholarship of 100 seats has been initiated for students belonging to the low-economic background, who were affected by COVID directly or indirectly.

In 2022, the MLCU Scholarship Awards of 100 seats were offered to students belonging to different communities and children who are facing economic hardship and cannot afford the cost of education.

Campus Health Plan: Centre for Counselling

The Campus Health Plan' was initiated in 2021 and focuses on providing students and staff with enriching well-being by providing facilities and resources. Within the plan, an infirmary under the supervision of the department of AHS is formulated to act as a first aid station for emergencies on any physical health issues.

Besides counseling services, the center focuses on providing mental remedies through various strategies such as:

- 1. Mental Health Awareness Programme** – World Suicide Prevention Day, World Mental Health Day, and so on
- 2. Helping-Skills Enhancement Programme** - This program aims to equip individuals within the campus with basic soft skills to enhance their natural helping style.
- 3. Mental Gym** - Conducting relevant workshops that would offer skills that help them keep mentally fit as well as allow them to develop practices on how to handle stressors and also prevent them from stressors.

4. **The Student Profile** - From the student data, one could then develop a *student risk assessment profile* for mental health, when we include their demographic profile.
5. **Mentorship Network** - Developing a quick report guide for cases of emergencies and a brief overall semester report format so that we can track their mental health per semester.
6. **Collaboration with Teacher-Learning workshops** - To develop practices that foster healthy mental health preventive skills and helping skills for both students and staff.
7. **Student Clubs** - An open informal space where students can come together for a productive cause. We currently have nine clubs and the total number of registered members is 180. These clubs include:
 - a. Music Club
 - b. Media Club
 - c. Art/visual Club
 - d. Adventure Club
 - e. Food Club
 - f. Sports Club
 - g. Dance Club
 - h. Fashion Club
 - i. Culture Club
 - j. Comfort Club

Administration

1. **Administration:** The University has several statutory committees and governing bodies that meet at least twice a year. These include the Board of Governors, The Board of Management, and the Finance Committee.
2. **University Land and Campus development:**

MLCU Umphyrnai Campus- Umphyrnai is about 20 km from Shillong (DC's Office) off the NH 6. The New Campus Development Plan has been prepared and construction activities for infrastructural development are envisaged to be implemented in two phases.

On approval of the Preamble for the Campus by the Board of Governors held on March 2, 2021, an Expression of Interest for a Campus Master Plan Design Concept for the New Propose MLCU Campus at Umphyrnai was released through local dailies on July 5, 2021. The architectural firm that was selected out of the 14 firms that participated in the EoI, is in the process of finalizing the DPR which will contain the structural, architectural designs, and drawings including landscaping and other building project work.

The approach to the architectural design of the campus is culturally and aesthetically oriented landscape integration that allows the layout of the campus to blend with the natural surroundings and the habitations around the MLCU campus. The MLCU Umphyrnai Campus would represent a cluster of communities (educational and traditional), with a setting that includes the community within and around the campus to be involved in interdisciplinary and intergenerational discourse.

The architectural structure of the administrative section and each department /school/faculty though modern could reflect the tribal architecture of the northeast, each, with a story of heritage. However, the design would also incorporate the infrastructural needs of each department /school/faculty.

The ambience of learning will extend beyond the formal classroom, a sense of learning that comes from nature and neighbouring communities. Beyond the formal learning classrooms, spaces where faculty, students, and visitors to the university share an experience, are not only didactic, it also hands-on for example, in the making of arts and crafts, such as pottery, cane, and bamboo work, painting, sports such as archery music and the other fine arts.

The library would particularly hold documents about the life and work of MLCU and that of known and unknown contributors from all walks of life in northeast India. Living museums would showcase paintings, artefacts, and crafts of the tribal people in multimedia formats. There would be spaces for gatherings, formal and informal for discourses, storytelling, music, dance, drama, celebrations, feasts, and mourning, for old and young alike.

The green campus would have kitchen gardens, botanical gardens, a medicinal plant park, a sacred forest, and jogging and trekking trails. The campus would aspire to be self-sustainable and resourceful in terms of energy, water, and recycling.

The building design and structures are inspired by the folklore about the origin of the Khasi Pnar community from Mystical Heaven where the 7 (Seven) Trep (Huts) and 9 (Nine) Basa (Hut-like structures).

The 9 (Nine) Basa is represented by the “Khoh” Conical structure to one side having 9(Nine) Segments of a Structural grid. The 7 (Seven) Trep is represented by the “Knup” elliptical structure 7(Seven) in numbers. The Golden Tree is represented by the common passageways connecting the 9 (Nine) Basa and the 7 (Seven) Trep.

In this endeavour, the Campus Development Office of the University plans for a ground-breaking ceremony and commencement of construction work for the New MLCU Campus at Umphymai soon and expects completion of the first phase by 2024.

MLCU Umsawli Campus- The MLCU building having a total floor area of 30,850 sq. ft located at its Umsawli Campus in New Shillong Township, is under development and currently houses the recently inaugurated Science Technology and Innovation Hub and two other departments. Upon Completion of the remaining floors of the building, this campus will provide facilities for teaching-learning, with a barrier-free environment, facilities to support research, an ecosystem for innovation, facilities for the creation and transfer of knowledge, green campus initiatives, and general campus facilities.

3. **Staff Welfare**-The university has introduced a Group Health Insurance Policy for all teaching and Non-Teaching staff of the university.
4. **Library**- The main library of Martin Luther Christian University, is called the Dr. Homiwell Library, which has been named after the late Dr. Homiwell Lyngdoh (1877-1958). Currently, the Library has a collection of 7690 books and 63 PhD thesis.

Thank you
